

# Amit Kumar

Industrial Designer

## About

Hi, I am Amit kumar. An Industrial Designer. Spirited, Passionate and Dedicated. I love to **Design Solutions**. With my bachelors I gained experience in various aspects of bespoke and niche design. I am currently completing my master's degree in Industrial design and intend to explore the possibilities of design in a new and expanding world.

## Work Experience

### Industrial Design Intern

Sept '21 - April '22

Monnarch Innovation, Ahmedabad

Monarch Innovation is a leading firm in Design and Engineering solutions. I worked on Conceptualization and development of various products like EV charger, Electric Bicycle, IOT Fan, Electric Scooter and other in house projects.

### Industrial Design Intern

May '21 - July '21

Foley Designs, Bangalore

Foley Designs is one of the leading design studios across India, that excels in innovative industrial design. I was assigned to work on In-house project for furniture solutions along with research and market studies.

### Product Designer

Dec '19 - July 2020

5By7 Gifting, New Delhi

5By7 is a corporate gifts supplier that offers premium corporate gifting solutions for firms like BMW, Audi, Eicher, Volvo, CRED, etc. I worked as Product designer and managed new product development and sampling of various products.

### Freelance Product Designer

Oct '19 - Nov '19

Formus, New Delhi

I headed the project to Design a collection of lighting and accessories which was to be showcased at 'INDIA DESIGN 2020' and other exhibitions.

### Product Designer

July '18 - May'19

Klove Studio, New Delhi

Klove Studio is one of the biggest blown glass chandelier, lighting and bespoke design company. I worked on new product development, sampling and production related work.
